Characters & Story

Super-sweet, super-innocent Rito, along with the girl whose beauty is the pride of the cosmos--Planet Deviluke's Princess Lala--and Rito's classmate Haruna are all woven together throughout this cute,♥ teensy-bit naughty, slapstick romantic comedy!!

Tenjoun Saki

A super-rich and upper-crusty girl who is one year ahead of Rito and his pals in school. She holds herself in high esteem and burns with a passion that makes her see Lala as a rival. Whenever the opportunity presents itself, you can bet she'll be picking a fight with Lala.

Oshizu

A ghost who died 400 years ago, with the ability to possess living humans.

Kotegawa Yui

A classmate of Rito and friends who is uncompromising in her refusal to permit any flouting of public morality. She has marked Rito and Lala as people to be extra cautious of!

Yami (Golden Darkness)

An assassin with a reputation as the deadliest in all the universe. She came to Earth on a mission to take Rito out, but her attitude has slowly been changing ever since she first met Lala!

Ryouko Mikado

The school nurse at Sainan High School, which Rito and friends attend, and an alien like Lala and company. Her secret job is providing medical care for aliens living on Earth.

Run and Ren

Lala's childhood friend who made a marriage pact with her when they were very young. In order to make good on that promise, he transferred to Sainan High School. When they sneeze, the boy Ren and the girl Run switch places.

Lala Satalin Deviluke

The first princess of Planet Deviluke, seat of power for the entire Milky Way Galaxy. She rejected the suitors her father selected for her, and ran away from home to Earth. However, after truly falling for Rito--whom she met in a chance encounter--they've started living together. Somehow, even though the fact that she's an alien was a secret (without her even really being aware of the cover-up) a trivial occurrence let the truth slip out. Everybody pretty much took it in stride.

Yuuki Rito

A first year student in high school. As it turns out, after Lala warped away from her ship, a sudden bath-time encounter led to them living together. He's a late-bloomer when it comes to romance. He was in the middle of trying to confess his feelings for Haruna--the girl he's crushed on since junior high--when, in the heat of the moment, he accidentally confessed to Lala, who appeared in between them. He ended up becoming her lone fiancé.

Sairenji Haruna

A girl who has been in the same class as Rito since junior high and who seems to secretly like him! She is a quiet, mild-mannered, prim and proper beauty. However, when her fear hits extreme levels, she tends to fly into a panic and totally lose it...

Yuuki Mikan

Rito's little sister. Rather than taking issue with the whole "Lala is an alien" thing, Mikan welcomes her into their home with open arms. She had to grow up fast and is quite a stable, level-headed person.

Character File

14 Murasame Shizu

☆Oshizu-chan

Her real name is Murasame Shizu. As for her age... Let's just say she's around the same age as Lala and friends. She died 400 years ago, and is now quite active as a ghost.

☆Comeback

Originally, when we first introduced Oshizu, we didn't have any plans to make her a regular character. However, during the storyline in which she possesses Haruna, Yabuki-san suggested, "She knows about Haruna's love for Rito, so what if we wrote her in as a regular who supports that love?" With that, she became a part of the main cast! Plus, we thought it might be lots of fun to have a ghost character paired up with Haruna, who hates ghosts!

☆An Artificial Body ~and~ A Clumsy Girl?

Considering how difficult it might have been to have her always appearing as a ghost, we decided she would have an artificial body that she possesses. When we did, Yabuki-san said, "Let's never forget that although she has an artificial body, she is still a ghost character," and to that end, after some discussion, we settled on emphasizing:

- Her soul can easily pop out of the body.
- She's unsteady when walking.
- She behaves like a poltergeist (telekinesis, for example).
- She's missing a lot of knowledge that modern people would have.

☆Why is She Afraid of Dogs?

Oshizu being afraid of dogs is an homage to a certain famous gluttonous ghost--the Little Ghost Q-Taro! Also, when Oshizu lived 400 years ago, in an era that suffered from famine and the like, wild dogs would often attack humans, which is another factor in her dislike of dogs. Or at least, that's what Yabuki-san said!

☆What's Next for Oshizu?

We've got a few things we're doing for Oshizu's story. I think you'll see her in later stories, too, so I hope Oshizu fans will look forward to that!

The Earth is a diplomatically-closed planet, so it is expected that conducting a search for the creature will be challenging.

However, it has come to light that this illicit trader sent a creature called **Mosha Kurage** to Earth, where it has escaped due to a careless error.

Thus, there are concerns that contact with humans could lead to potential mayhem.

Further, the Mosha Kurage is a creature with a unique biology that has been designated for investigation...

READING DIRECTIONS

This book reads from *right to left*, Japanese style. If this is your first time reading manga, you start reading from the top right panel on each page and take it from there. If you get lost, just follow the numbered diagram here. It may seem backwards at first, but you'll get the hang of it! Have fun!!

Let the Games Begin!

Rito's about to find out just how far he'll go for Lala's sake...when he and his friends get trapped inside a virtual reality game! It's the classic role-playing game setup: a dark lord to vanquish, a kingdom to save, and a princess to rescue. Except this time, the princess is Lala herself! And if they don't pull it off, who knows how long they might be trapped in this strange new video-gamey reality? To Love Ru goes a-questing, with more than a relationship on the line!
